Experience

- **LevelUp NJ | Present**

As a YouTube Content Creator, I simplify **DSA, Web Development**, and Mindset Growth concepts through engaging videos. Using **Agile methodologies,** I manage content workflows efficiently to deliver consistent updates. **Check out my channel here**: LevelUp NJ

- **ChainShift | 2024**

As a Full Stack Intern, I developed scalable web apps using the **MERN Stack**, **improved CI/CD pipelines**, and enhanced user experience through collaboration. I implemented **RESTful APIs to streamline data flow** and improve performance. Additionally, I optimized database queries, **reducing response times by 30%.**

Projects

- **xcrypto**

Developed a crypto tracking app with **React.js, Node.js, and API Integration for real-time data**. Integrated dynamic charts for enhanced visualization and implemented search functionality for quick access to **cryptocurrency details**. Live | GitHub

- **Snake Game**

Created a Snake Game using **HTML, CSS, and JavaScript with dynamic logic and smooth animations.** Added score tracking and **implemented speed variation** to enhance gameplay experience. Live | GitHub
